- Manheim Township and Heidelberg Township joined the Department as contract municipalities (Effective 01.01.20)
- Officer complement increased from 52 sworn officers on 01.01.19 to 62 on 01.01.20

The governing body (the Commission) is comprised of one elected official from each municipality.

- Dover Township – Michael Cashman
- Dover Borough – Andrew Kroft
- Manchester Township – Rodney Brandstedter
- Paradise Township – Clark Craumer
- Conewago Township – Lorreta Wilhide
- North York Borough – Nancy Brunk
- Franklin Township – Kevin Cummings
- Jackson Township – David Brown
- North Codorus Township – Dennis Luckenbaugh
- Manheim Township – Matthew Muir
- Heidelberg Township – Matthew Bollinger
- Solicitor – Joseph Rudolf, Clark Hill PLC

These eleven municipalities encompass 214 square miles or 23.5% of York County. Nearly 85,000 residents call our jurisdiction home in 2020.

STAFFING

Units of Service

In keeping with the dictates of the "Articles of Agreement", municipalities purchase time by using a "unit of service" concept. Units are currently measured by a formula of 10 hours equaling one unit. Time is monitored in fifteen-minute increments on a daily, weekly and annual basis. This year, the Department managed 106,080 hours of service—102,960 hours of service to the municipalities and an additional 7,800 hours contracted to Spring Grove School District, Dover Area School District and Lincoln Intermediate Unit. These hours are specifically earmarked to/for our School Resource Officer's efforts in schools.

**TABLE I

Thirty-four (34) members of the Department missed no sick time during 2019. The sworn members used an average of 1.202 days sick time, which is up from 0.516 days during 2018. Three officers were off for surgery/recovery during the year; as a result, approximately 700.00 hours of work time was missed due to surgery and/or hospitalization. The non-sworn member average was 1.016 days, down from 3.219 days during 2018.

This year we experienced 4 Worker's Compensation claims – two more than last year. The Department established a Safety Committee to review duty-related injuries, discuss ways to prevent injuries, and improve the overall safety of employees while working. The Department did have one officer retire under a Disability Pension benefit due to an on the job injury from 2016.

The Department and its members received 71 commendations this year. The Officers and the Department were commended for a job well done by:

Paradise Homes Community	Junior Achievement
Harrisburg Area Community College	North Salem PTO
Christian School of York	Spring Grove Student Council
Joyful Noise PreSchool	Mission BBQ
Lincoln Intermediate Unit #12	Egg Harbor Township, NJ
Hayshire Elementary	River Rock Academy
Roundtown Elementary	Leib Elementary
Representative Seth Grove	Shiloh Garden Club
Starbucks	Motel 6
Giant Food Store	Spring Grove Area School District
Dover Intermediate	Carroll Township Police Department
Boy Scouts of America	Central York School District
Harbold's Trailer Services	Dover Area School District

We are very proud of this recognition by our peers and the public. The Chief and the Board of Commissioners recognized another 36 officers for their work in 2019. Officer Matthew Cicale was named the Department's Officer of the Year.

The Department investigated three conduct complaints that resulted in a suspension or termination. Six other infractions occurred and were investigated which resulted in discipline less than a suspension. In this area, we will continue to focus our efforts on improving.

Calls for Service

In order to understand the workload demands placed on the Department, it is important to have a historical perspective. In other words, where have we come from and where might we be going. To that end, we offer the following ten-year recap of activities. Our base year for this purpose is 2010.

<u>Year</u>	<u># Calls</u>	<u>% Increase/Decrease</u>
2010	26,827	+ 5.45
2011	28,145	+ 4.91
2012	26,936	- 4.30
2013	25,893	- 3.87
2014	26,127	+ 0.90
2015	26,707	+ 2.22
2016	28,616	+ 7.15
2017	28,919	+ 1.05
2018	29,012	+ 0.32
2019	29,642	+ 2.17

This year our call load showed an increase of 2.17%. In 2019, we serviced 29,642 calls for police assistance, which are 630 more calls than the previous year. 2019 marked the highest total calls serviced in Department history. Therefore, our ten-year annualized average increase is 16.00%, which is a yearly average increase of 1.609%.

At this point, we will discuss, in some detail, the 29,642 calls serviced. As you review this information, it might be beneficial to understand how authorities look at police activity. Experts report (and authorities generally agree) that of all the calls received for police assistance, approximately 20% will be "Criminal" in nature and 80% will be "Service" in nature. Our figures indicate that 11.22% (3,327) of our total calls (29,642) were criminal in nature and 88.78% (25,747) were service in nature. Therefore, we appear to be experiencing a less than average amount of criminality and a higher than average amount of service activity in our jurisdiction when compared to the norm.

A breakdown of our total activity has been charted in five general areas. Calls that are criminal in nature, as defined by the Uniform Crime Report, are a combination of 624 Part I offenses and 2,703 Part II offenses. Calls that are service in nature are a combination of 1,817 traffic accidents investigated, 568 ordinance violations and 23,930 incidents that have not been classified as criminal in nature and may best be described as service calls.

Activity

The Field Services Division, Patrol Section, issued 11,350 traffic citations this year. This is a decrease of 927 compared to 2018. For historical reference, our traffic enforcement index has, in the past years, moved both higher and lower.

The Board should know that the enforcement index is determined by dividing the number of injury/fatal accidents into the number of citations issued. An optimum enforcement index is 10-20 citations for every injury accident according to authorities in the field. A five year overview is as follows:

<u>Year</u>	<u>Citations</u>	<u>Injury/Fatal Accidents</u>	<u>Traffic Enforcement Index</u>
2019	11,350	256	44.36
2018	12,277	285	43.08
2017	12,405	269	46.12
2016	13,738	310	44.32
2015	10,973	313	35.05

TRAFFIC ENFORCEMENT	2018	2019	18/19
Citations	12277	11350	-927
Written Warnings	2975	2567	-408
Faulty Equipment Cards	1857	1564	-293
Parking Tickets	371	214	-157
Abandoned Vehicles	208	365	157
Parking Warnings	79	58	-21

Patrol conducted no less than 16,118 traffic-related investigations in 2019 or more than 44 per day, on average, or one traffic stop every 33 minutes. None of this activity is classified as a reportable case and, therefore, is not tallied in the call-load figures expressed elsewhere on this report.

In 2019, 260 persons were charged with "Driving Under the Influence" (DUI), which decreased from 327 DUIs effected in 2018. Northern York County Regional Police officers continue to arrest intoxicated drivers at a far greater rate than their counterparts across the state. A ten-year recap illustrates the efforts made to keep our citizens safe.

2019 - 260
2018 - 327
2017 - 333
2016 - 373
2015 - 393
2014 - 365
2013 - 431
2012 - 424
2011 - 472
2010 - 394

During this period, we have arrested 3,772 persons for DUI or an average of 377.2 per year.

There were 63 drunk drivers involved in motor vehicle accidents, which reflects 24.23% of the total drivers charged with DUI. Those arrested for DUI, on average, had a blood alcohol concentration of .172% more 2.15 times the legal limit. The highest blood alcohol reported in 2019 was .372% or 4.65 times the legal limit.

There were 10 DUI offenders who were under the age of 21. This accounted for 4.76% of the total.

DUI arrests, where drugs are the cause of intoxication, are classified by the higher UCR value attached to drug usage. During 2019, sixty-four (64) "Drivers Under the Influence" were found to be under the influence of drugs and, therefore, charged with DUI/Drugs and, as a result, removed from the population of traditional "Drivers Under the Influence" for accurate reporting.

The Department also engaged in a York County program called "Target 25". Statistically, 25% of the DUI offenders have been charged with DUI previously. Offenders that are not first time offenders are charged, and arraigned and placed under supervision immediately. The purpose of this program is to monitor repeat offenders quicker, thus making the roadways safer. During 2019, we processed 64 offenders as "Target 25".

An investigation found that a 30 year old Dover Township woman had engaged in sexual acts with 4 underage males over a period of several years. The female was charged with numerous counts of Child Pornography, Statutory Sexual assault, Corruption of Minors, and Sexual Abuse of Children.

A 15 year old Dover male was charged with Theft and Receiving Stolen Property after taking \$10,000.00 in cash and numerous firearms from a residence in the township. The juvenile had attended an underage drinking party at the residence while the homeowners were away.

An investigation found that a 53 year old Abbottstown man and a 73 year old Spring Grove man, were involved in sexual acts with a 13 year old male. The investigation started after a parent found messages on her son's cell phone. After investigating, the two men were charged with numerous counts of Corruption of Minors, Statutory Sexual assault, Indecent Assault, and Involuntary Deviate Sexual Intercourse.

A 38 year old Springettsbury Township man was charged with Burglary, Criminal Trespass and Simple assault. An investigation found that the 38 year old male had entered the victim's home in the middle of the night and was acting erratically. The homeowner feeling threatened for his life, shot the man in the leg after several demands to leave the property.

A 32 year old Mechanicsburg man was arrested for Indecent Assault, Unlawful Restraint, and Terroristic Threats. The incident started in the Mechanicsburg area where the victim had just finished working the night shift and stopped at a 24 hour retail store. After leaving the store the victim saw a vehicle following her to her residence in Franklin Township. When the victim arrived home, the male exited his vehicle and approached the female touching her inappropriately and making threats for her not to call police.

A 64 year old Franklin Township man was charged with Aggravated Indecent assault, Involuntary Deviate Sexual Intercourse, Statutory sexual assault, and Indecent Assault. The charges came after an investigation found the male engaged in sexual intercourse with two juvenile females when they were 10 and 13 years of age.

Vehicle Accidents

Accident investigations are also classified within the concept of a service call. This year we experienced a decrease in the accidents we investigated. The 1,817 accidents reflected a decrease of 5 crashes or 0.3% compared to 2018. Injury accidents investigated were 251, which decreased by 28 from 2018. In addition, we investigated 5 fatal accidents (7 deaths) reflecting one less crash and two less fatalities.

Over the past 10 years, 64 people were killed in fatal traffic accidents. We continue to seek ways to reduce accidents and save lives using various methods. The enforcement of traffic offenses continues to be of high priority. We hope that our uniformed presence during traffic enforcement will have some deterrent effect on not only the violator, but also the motoring public. We continue to offer educational programs to the public in defensive driving and addressing community concerns with traffic issues. We remain vigilant in reporting dangerous road conditions to both our municipalities and PennDot. Our goal is to continue all of these efforts in an attempt to make our highways safer.

FIELD SERVICES DIVISION Criminal Investigation Section

The primary responsibility for follow-up investigations of serious crime is vested in the Criminal Investigation Section of the Field Services Division. This section is staffed by the Special Operations Lieutenant who supervises four full-time investigators and an officer assigned to the Drug Task Force.

The Special Operations Lieutenant is responsible for the review of all criminal reports, supervision at all major crime scenes, staff review of all major criminal cases, liaison with other agencies regarding effective information exchange and coordination of investigative efforts. Other duties of the Criminal Investigation Section include:

- Assist the Patrol Division with fatal accident and death investigations
- Serves as the system manager of the Department's automated evidence management system—this includes tracking, retention, storage, and transportation of evidence for laboratory testing
- Participating in crime prevention and reduction programs, which includes working specialized details in areas where criminal activities are prevalent
- Surveillance and specialized electronic applications
- Perform Voice Stress Analysis examinations
- Investigation and reporting of complex and time-intensive investigations, which require follow-up function and dedication of time-based assets
- Liaison and analysis of information between Federal, State, and other local law enforcement agencies

In 2019, 689 incidents were investigated by the Criminal Investigations Divisions (CID) as compared to 846 in 2018. One of those cases was classified as Homicide/Suicide. The Criminal Investigation Division closed 497 or 72.13% of the 689 incidents investigated. In 2019, the CID effected 227 arrests which is less than the 319 made in 2018.

In 2019, there were 191 felony arrests as compared to 216 in 2018. There were 78 misdemeanor arrests in 2019 as compared to the 73 in 2018. Non-traffic summary arrests were up from 30 in 2018 to 93 in 2019. Other areas of CID activity include the submission of 2,634 reports and the generation of 5,392 supplemental reports.

During 2019, 3,029 pieces of evidence were catalogued. Some of this evidence is transported to a forensic laboratory for testing (487 pieces) and other pieces are preserved for court presentations at a later date. The Court Liaison Officer (CLO) working with the Criminal Investigations Division handles all of the incoming evidence at the Department.

The forensic analysis of computer related items continued this year for our agency and other partnering police departments. In 2019, there were 118 pieces of equipment (4 computers and 114 cell phones) analyzed for our agency. The time spent processing cell phones and other types of media amounted to 318 hours.

In 2019, there were 140 interviews conducted at the Children's Advocacy Center (CAC) compared to 165 conducted at the CAC in 2018. The CAC is a neutral location used to interview children who are victims of sexual and physical abuse. With the changes to Title 23, Section 6311, which deals with the mandatory reporting of suspected child abuse, we continue to experience the need for many CAC interviews.

One member of the Criminal Investigation Division was assigned to the York County Drug Task Force in 2019. The drug task force is a county-wide specialty unit that consists of officers from multiple departments focusing their efforts on drug investigations and arrests. The assigned Detective effected 11 felony arrests, 45 misdemeanor arrests, submitted 392 reports, and wrote 314 supplemental reports. Due to the ongoing impact of heroin-related issues in our communities, this assignment is necessary and has the ability to impact crime from many different perspectives.

During 2019, the Department participated in the York County Heroin Task Force. The task force provided educational seminars, directed families to recovery/addiction resources, and provided feedback to the public. This is a continuing and ongoing effort to help combat the heroin epidemic.

Community Police Unit

The “Community Police Unit” presented a total of 97 civic programs in 2019, reaching out to over 13,000 people. These programs ranged from personal safety issues to drug awareness. There were 27 child car seat checks completed by our certified car seat technician.

In late 2012, the Department began participating in the Drug Enforcement Administration’s (DEA) National Drug Take-Back Program. This program offers the public a convenient way to dispose of unused and expired prescription medication.

The York County Solid Waste Authority contacted the Department and purchased a permanent drug take back box for our lobby. The drug box is accessible to the public during business hours. During 2019, we collected more than 660 pounds of prescription medication for destruction.

In addition, the Unit has also been involved with community concerns and activities with everything from problems with traffic flow and speeding motorists to the coordinating of benefit runs, parades, and block watch events. The Community Police Officer (CPO) instructed one class in “Defensive Driving” involving 20 participants, age 16 and older.

“Officer Dorothy” was utilized in 6 programs at the schools and at local civic events with more than 850 people attending.

The Northern York County Regional Police Department held its eighth National Night Out Event on Tuesday August 6, 2019 at the Union Fire and Hose Company in Dover Borough.

The premise behind National Night Out is to forge partnerships between law enforcement and members of the community to aid in crime prevention and create a safer community for families. The evening was a complete success!

Over 3,000 members of our community attended National Night Out. The evening included a free community cookout with displays/demonstrations from local emergency responders, businesses, and social agencies. The event was made possible by donations from local businesses and corporate sponsorship and several of our municipalities.

In 2019, the Northern York County Regional Police Department established the only active Explorer Post in York County. The Explorers program is designed for adolescents who are between the ages of 14 and 20 years of age. The program gives the cadets basic instruction in various phases of law enforcement. The Post is known as “NYCRPD Post 1445”.

The program began in January with the initial application process into the program. Through donations from community businesses the program was able to purchase uniforms and equipment for 15 cadets.

In July of 2019, a 40 hour academy was held at the Northern York County Regional Police Headquarters. The Explorers learned close order drill, firearms safety, shooting instruction, First Aid and CPR, Stop the Bleed, and numerous other police procedures. Upon completion of the 40 hour academy a graduation was held for the graduates.

The post members continue to meet bi monthly at the Northern York County Regional Police Range Building. The bi monthly meetings are staffed by officers from the Northern York County Regional Police and a female officer from Penn Township Police Department who volunteer their time to the program. At the meetings, the Explorer’s continue to learn police policy and procedure and hands on application of the subject matter. Numerous guest speakers have provided information about their roles in law enforcement. Recruitment is now open for 2020 Explorer Candidates.

School Resource Officers (SRO)

Spring Grove Area School District:

Since 2008, the NYCRPD has been providing a School Resource Officer (SRO) to the Spring Grove Area School District and in October 2018, an additional SRO was added. The SROs, based at the high school, and middle school work 1,560 hours annually. This program has been well received and has generated many positive student/officer relationships. The SROs coordinate all security issues for school-related events.

During 2019, 658 incidents were handled. This is 210 more than 2018. Of the 658 incidents, 357 were at the high school, 182 were at the middle school, 50 were at the intermediate school, 33 were at the elementary schools, and 36 of the incidents related to security at school events.

The SRO's instructed 131 classes at Spring Grove Schools during the calendar year 2019. Through these instructional activities, the SRO's had the opportunity to interact with nearly 3000 students or 79% of the total enrollment of 3,798. A breakdown of the SRO's instructional activities by grade level is as follows:

- High School: 60 instructional activities, 1,500 students
- Middle/Intermediate Schools: 50 instructional activities, 1,200 students
- Elementary Schools: 10 instructional activities, 500 students
- Administration, Teachers and Transportation: 11 instructional activities, 650 people

Dover Area School District:

In February 2014, the Northern York County Regional Police Department began providing a School Resource Officer (SRO) to the Dover Area School District and in August 2019, a second SRO was added.

During 2019, 511 incidents were handled. This is 141 more than in 2018. Of the 511 incidents, 252 were at the high school, 133 were at the intermediate school, 95 were at the elementary school, and 31 of the incidents related to security at school events.

The SRO's instructed 21 classes during the calendar year 2019. Through these instructional activities, the SRO's had the opportunity to interact with over 1,200 students or 32% of the total enrollment of 3,493. A breakdown of the SRO's instructional activities by grade level is as follows:

- High School: 12 instructional activities, 600 students
- Intermediate Schools: 4 instructional activities, 405 students
- Elementary Schools: 5 instructional activities, 265 students

Lincoln Intermediate Unit #12:

In April 2019, the Northern York County Regional Police Department began providing a School Resource Officer (SRO) to the York Learning Center operated by the Lincoln Intermediate Unit #12. During 2019, the SRO handled 448 incidents at the school.

SUPPORT SERVICES DIVISION

Records Section

The primary responsibility for gathering, compiling, and disseminating information lies with the Records Section. A Sergeant (who supervises the civilians) and three civilian employees staff this section. The role of the Records Section is to ensure and coordinate the rapid and orderly flow of information between the various components of the police department. One of the many integral functions is to provide data entry into the automated information system. The members also provide other varied services, including the greeting of all visitors to departmental headquarters and processing all insurance or other outside requests for information. The staff assigned to Records processed nearly one million records in 2019.

The information from the automated database continues to be vital in many tasks essential to department effectiveness and efficiency. These tasks include identification of crime patterns and trends, providing information to assist in the scheduling and distribution of manpower, and the cohesive exchange of information with other agencies for the solution of crime.

Court Disposition Report

During 2019, 1,878 defendants exercised their constitutional option to a hearing at the District Court level. This is a 1.06% decrease from 2018. Of the 1,878 hearings, 1,526 or 81.26% were found guilty in summary (traffic and non-traffic) cases. At the York County Court of Common Pleas, 88 defendants appeared which is a decrease of 10.21% from 2018. Of the 88 cases, 69 or 78.41% were convicted. The 88 cases represented felony and misdemeanor charges as well as Summary Appeals and Indirect Criminal Contempt of Court cases.

Of all court cases during 2019, 95.99% were held while the officer was on duty. Patrol officers had court appearances on duty 98.41% of the time and criminal investigators were on duty 100% of the time.

Court Liaison Officer

Overall, our court-related cases that were held in an on-duty status increased 1.98% by patrol officers and criminal investigators. The CLO was the Department's primary representative for traffic-related cases at Magisterial District Judges offices 19-02-04, 19-03-07, and 19-03-10. In total, the CLO appeared at 847 traffic hearings or 45.10% of all summary hearings and had an 84.12% conviction rate.

Pennsylvania's Right to Know Law (Act 3 of 2008)

An added responsibility was placed on the Support Services Supervisor in the last nine years that has become very time consuming. The "Right to Know" law requires an "Open Records Compliance Officer" (ORCO), which currently is the supervisor of Support Services.

Throughout the year, there are many requests for documents by the public and other entities. These requests are handled by the ORCO. The process to respond to the requests is as follows:

- Department receives written request for document
- Document is researched and located
- Document is reviewed to determine what information can be released
- Redact all information that must be excluded
- Provide a written response to the requestor
- Maintain a written log of all requests and actions taken

In 2019, we processed 122 "Right to Know" requests compared to 193 in 2018. Also, 308 court-ordered records were expunged during the year.

TRAINING REPORT

The Department continues in its efforts to provide as much training as possible. Our philosophy being that mandated training is a minimum standard, not a maximum. The Department provides its members, both sworn and non-sworn, the opportunity to receive as much training as scheduling and budget permit. In addition to the annual training mandated by MPOETC, the Department affords both sworn and non-sworn staff the opportunity to attend a variety of training in many functional areas, all geared toward better accomplishing the Department's mission. To that end, we were able to offer 3358 hours of training during 2019.

Some of the notable training accomplishments for 2019 were:

- A Corporal graduated from the Physical Security Training Program at the Federal Law Enforcement Training Center in Glyco, Georgia.
- Seven (7) Officers attended the National Association of School Resource Officers Adolescent Mental Health Training
- A Sergeant was certified as a Trainer in the ALERRT Active Attack Integrated Response Training Program

In addition to formal training, the Department continued its internal training program during 2019. This program is conducted through a documents management system known as Power DMS. The training program involves consistent and continual training on the Department's policies and procedures. Each officer is required to review a presented policy or topic each week. After the officer reviews the policy or topic, he/she must achieve a perfect score on an administered exam before receiving credit for the policy review. Since late 2016 this program presented over 125 training topics to each sworn officer.

The Department continues to host various training events. By hosting the events at our facility, we can save on travel and lodging expenses while receiving complimentary tuition for our officers as the host agency. During 2019 the Department received \$2,040.00 in tuition or fees in exchange for hosting various training courses. Since 2011 the Department has received \$42,992.00 in tuition or fees in exchange for hosting various training events.

The following training was attended by NYCRPD staff during 2019:

Active Attack Integrated Response
ARIDE (Advanced Roadside Impairment)
Child Sex Trafficking
Civilians Response to Active Shooters
Critical Incident Response "CIT" Update Course

FLEET REPORT

FLEET DEPLOYMENT

During 2019 the Department deployed twenty-nine vehicles and seven trailers during its operations. The vehicles and trailers are organized into three distinct functional areas:

Patrol vehicles
Administrative vehicles
Special-service vehicles and trailers.

2017 Ford Taurus

2019 Ford Explorer Utility

The fleet deployment is as follows:

2019 Fleet Deployment

MILEAGE AND FUEL CONSUMPTION

During the delivery of police services in 2019, the fleet traveled a total of 651,184 miles and consumed 48,956 gallons of fuel. The average fuel economy was 13.30 mpg.

2019 Miles Traveled

Patrol Vehicles	Administrative Vehicles	Special Service Vehicles
472,275	121,118	57,791

RETIRED VEHICLES

The one (1) vehicle sold at auction brought a \$ 4,000.00 return on the initial investment. The vehicle had 151,692 miles, and was six years old. The amount the vehicle sold for and its description is as follows:

Retired Vehicles		
Vehicle	Mileage	Sales Price
2013 Ford Explorer	151,692	\$4000.00

VEHICLE DAMAGE

AT-FAULT ACCIDENTS

During 2019 the Department experienced a total of six (6) accidents in which the officer was culpable. The monetary loss due to these accidents was \$13,971.78. This represents a 19.5 % increase in monetary loss due to culpable accidents compared to 2018 and a 20.24 % increase compared to 2017. Each of the responsible officers received disciplinary action for their negligence. Though six at-fault accidents are by no means acceptable, our overall safety record was outstanding given that the officers traveled 108,531 miles for every at-fault accident. Considering that the officer's drive in every conceivable type of weather, often times in an emergency response mode, the number of accidents remains extremely low.

PRISONER DAMAGE

Occasionally, suspects who are in custody and secured within a patrol vehicle, intentionally inflict damage to the vehicle. Most often this results from suspects kicking the interior door panels or windows. During 2019, an unruly suspect caused a total of \$1,847.71 in damage to the interior of a patrol vehicle. In this case the offender was criminally charged for damaging the vehicle and restitution was requested through the court system.

WEBSITE

<http://nycrpd.org>

In early 2010, we recognized the need to improve upon our Department website. Our goal was to create a user-friendly site that could be used by the community, media, law enforcement, and others as a means to provide accurate and timely information.

The website provides easily accessible ways to contact the Department. Visitors can provide information to specific units such as traffic, criminal, and community policing. Department forms commonly requested by the public are printable from the website.

In January 2016, we introduced the “Daily Police Call Log” to better inform the community on the types of calls we handle on a daily basis. In 2019, we published the “Daily Police Call Logs” for every day of the year.

In 2019, www.nycrpd.org averaged 898 visitors a day, totaling 327,778 visitors for the year. There were 339 posts made to the website in 2019. Since the new website was launched on April 23, 2010, nearly 2.3 million visitors have used our site.

TWITTER

@nycrpd

In May 2013, we began a Twitter account to give us a presence in social media. The twitter account @nycrpd is used to send out timely information on active incidents, road closures and road conditions.

This form of social media has allowed us to send messages out to a broader range of our constituents. During 2019, 348 tweets were sent out to our 3,343 followers. These tweets were viewed over 461,000 times.

FACEBOOK

In July 2014, we launched a Facebook Page to broaden our social media exposure. During 2019, we posted 408 posts and now have 11,310 “followers.”

CONCLUSION

In 2019, we handled 29,642 calls, 630 more than 2018 for a 1.02% increase. Five municipalities increased during 2019. A breakdown of our overall jurisdiction and individual municipal activity appears on Table VIII.

TABLE VII

When we consider the workload and the demands placed upon our staff, credit must continue to be directed to our individual members. Without question, the personnel associated with the Northern York County Regional Police Department are exceptional! As the studies have indicated, they do more work with less manpower, at less cost, when compared to others. It is through their efforts that the Department continues to provide quality service and at the same time, receive recognition that, to date has been a model for other organizations.

In order to continue to be able to do this, it should be realized that continued support and direction from the Board of Commissioners is imperative. On behalf of all the members--sworn and civilian alike--we are proud to have been provided the opportunity to serve our communities throughout 2019!

Respectfully submitted,

DAVID L. LASH
Chief of Police
