All of you know that Officer Dorothy is not a real person. You may not know, she was named for a kind lady who died several years ago. Her name was Dorothy Kling. When the real Dorothy died, she wanted children to learn about safety. In fact, she told the Northern Regional Police Department to use some of her money to buy the Officer Dorothy robot. She wanted us to bring the robot to young children in school.

Please remember Officer Dorothy's messages. And, remember the real Mrs. Dorothy Kling, for her kindness.
