A MESSAGE FROM CHIEF LASH

The year 2025 will be remembered as one of the most consequential and challenging years in the history of the Northern York County Regional Police Department. It was a year defined by extraordinary service, meaningful organizational progress, and unimaginable sacrifice. It tested the strength of this Department, the resilience of its people, and the depth of our commitment to the communities we are sworn to protect.

Throughout the year, the members of NYCRPD—both sworn and civilian—continued to perform their duties with professionalism, discipline, and resolve under exceptionally difficult circumstances. Even in the face of tragedy, this organization remained steadfast in its mission. Our personnel continued to answer calls for service, protect our communities, support one another, and move this Department forward.

Among the most significant achievements of 2025 was the completion and opening of our new headquarters and operations facility. This project represented far more than the construction of a building. It marked a major investment in the future of this Department, in the professionalism of regional policing, and in our long-term ability to serve the public with excellence. The opening of this facility stands as a defining organizational milestone and a visible symbol of progress, commitment, and purpose.

At the same time, 2025 brought moments of profound hardship that will forever shape this Department. In February, our region was confronted with the violence and chaos of the UPMC Memorial Hospital shooting, a stark reminder of the dangers law enforcement officers face when they respond without hesitation to protect innocent life. Later in the year, our Department endured the greatest loss in its history when Sergeant Cody Becker, Detective Mark Baker, and Detective Isaiah Emenheiser were taken from us in a brutal ambush attack. That tragedy left an indelible mark on this agency, our law enforcement community, and the region we serve.

This report reflects the full measure of 2025. It is an account of operational accomplishments, organizational advancement, and institutional resilience. It is also a testament to the character of the men and women of NYCRPD, who continued to lead, serve, and persevere through one of the darkest chapters in our Department's history. Above all, it stands as a permanent acknowledgment of those we lost, those who continue to serve, and the communities that stood beside us in our time of greatest need. We are profoundly grateful for the outpouring of love, support, and compassion shown by our communities following the deaths of Becker, Baker, and Emenheiser. That support helped sustain this Department and the families of our fallen officers through an unimaginable period of grief.

In 2026, the Northern York County Regional Police Department will place a deliberate and sustained emphasis on officers, family, and organizational wellness. In recognition of the challenges inherent in this profession—and the lasting impact those challenges have on both our personnel and their families—we have established mandatory

biannual mental health wellness checks for all employees as a core component of our wellness strategy.

Our commitment to wellness has been strengthened by our selection as one of only seven police departments in the nation to receive a grant through the International Association of Chiefs of Police to enhance our family wellness program. This distinction reflects both the urgency of this work and the Department's commitment to leading in this critically important area. Through this initiative, we will build a culture where wellness is not treated as a secondary consideration, but as an organizational priority that directly supports operational readiness, resilience, and long-term professional effectiveness. By investing in our officers, supporting their families, and strengthening the overall health of our organization, we are better positioned to serve our communities with excellence.

Remembering Our Fallen Brothers

In 2025, the Northern York County Regional Police Department suffered a loss that cannot be adequately measured in words. Sergeant Cody Becker, Detective Mark Baker, and Detective Isaiah Emenheiser were taken from us in the line of duty, and their deaths represent the deepest wound ever inflicted upon our agency.

These men were more than officers. They were trusted colleagues, respected leaders, loyal friends, and dedicated public servants who embodied the highest ideals of the law enforcement profession. They served with courage, integrity, and an unwavering commitment to protecting others. Their sacrifice was not only a loss to NYCRPD, but to the entire law enforcement profession and to the communities they faithfully served.

As an organization, we will forever carry the weight of their absence. Their loss is reflected not only in our grief, but in the empty spaces they once filled through their leadership, service, and presence. Yet even in death, their legacy continues to shape this Department; it endures in the standards they set, the lives they touched, and the mission they so honorably fulfilled.

We also extend our sincere gratitude to the many residents, businesses, partner agencies, and supporters who stood with this Department and with the families of our fallen officers in the aftermath of this tragedy. The compassion, generosity, and unwavering support shown by our community will never be forgotten.

We remember Sergeant Becker, Detective Baker, and Detective Isaiah Emenheiser with reverence, gratitude, and an enduring sense of duty to honor their memory through our actions. We will speak their names, preserve their legacy, and remain committed to ensuring that their service and sacrifice are never forgotten.

David L. Lash
Chief of Police

2025 AT A GLANCE

ORGANIZATIONAL CHART 2025

OVERTIME

In 2025, in addition to regular police service time, another 917 hours of municipal overtime was worked throughout the year. Our total budget for municipal overtime was \$52,500, however our final overtime cost was \$47,831.81. Also, officers participated in other overtime duty details for the York County Drug Task Force, Center for Traffic Safety, United States Marshal's Fugitive Task Force, and private duty details. Total reimbursable overtime details were equivalent to \$124,763.24/1,277 hours.

AWARDS and COMMENDATIONS

The Department and its members received 109 commendations this year from our peers and members of the public. The Chief and the Board of Commissioners recognized another 30 officers for their work in 2025. Detective Jack C. Asper was named the 2025 Officer of the Year.

Detective Jack C. Asper
2025 Officer of the Year

COMPLAINTS

The Department investigated three citizen complaints and 25 citizen inquiries. All three complaints were not substantiated, and no discipline occurred. Citizen inquiries are questions posed by citizens as to why action was or was not taken by an officer. There were seven Internally generated complaints. These complaints arose from supervisory findings of violations of policy. As a result of these internal complaints, one officer was suspended, a second received a letter of caution, and the rest were handled through counseling and remedial training.

SICK LEAVE

During 2025, there were twenty-five (25) members of the Department who did not utilize any sick leave. Sworn officers were off for an average of 1.507 average days and civilians were off for an average of 1.98 days. Four officers were off for a total of 943.50 hours of extended leave time for surgery/recovery. Five workers' compensation claims were filed, three of them resulted in missed shifts from work.

TRAFFIC ENFORCEMENT

The Patrol Services Division issued 11,461 traffic citations this year. This is a decrease of 1,103 compared to 12,564 in 2024. The traffic enforcement index is determined by dividing the number of injury/fatal accidents into the total number of citations issued. An optimum enforcement index is 10-20 for every injury accident.

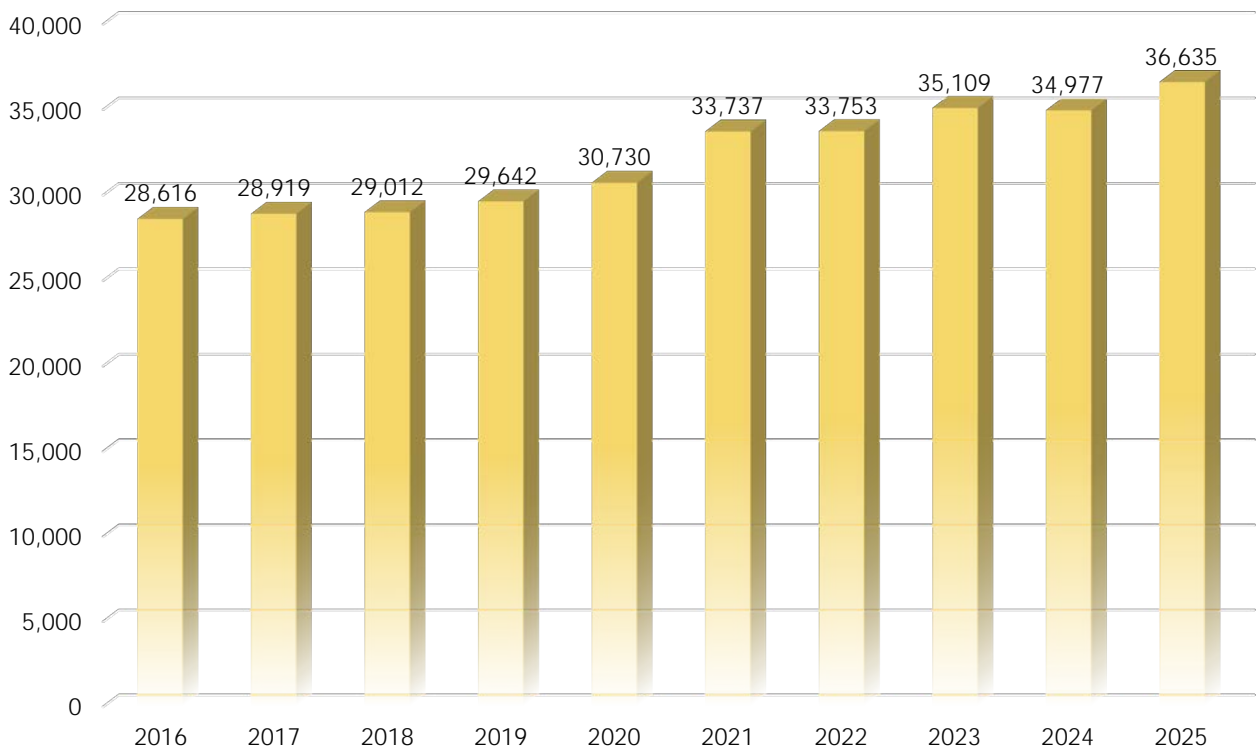

TRAFFIC ENFORCEMENT

CALLS FOR SERVICE

To understand the demands of the Department, it is important to have a historical perspective. In other words, where have we come from and where we may be going. This year our call load showed an increase of 4.52%. In 2025, we serviced 36,635 calls for police assistance, which is 1,658 more calls than the previous year. Below is a ten-year recap of activity.

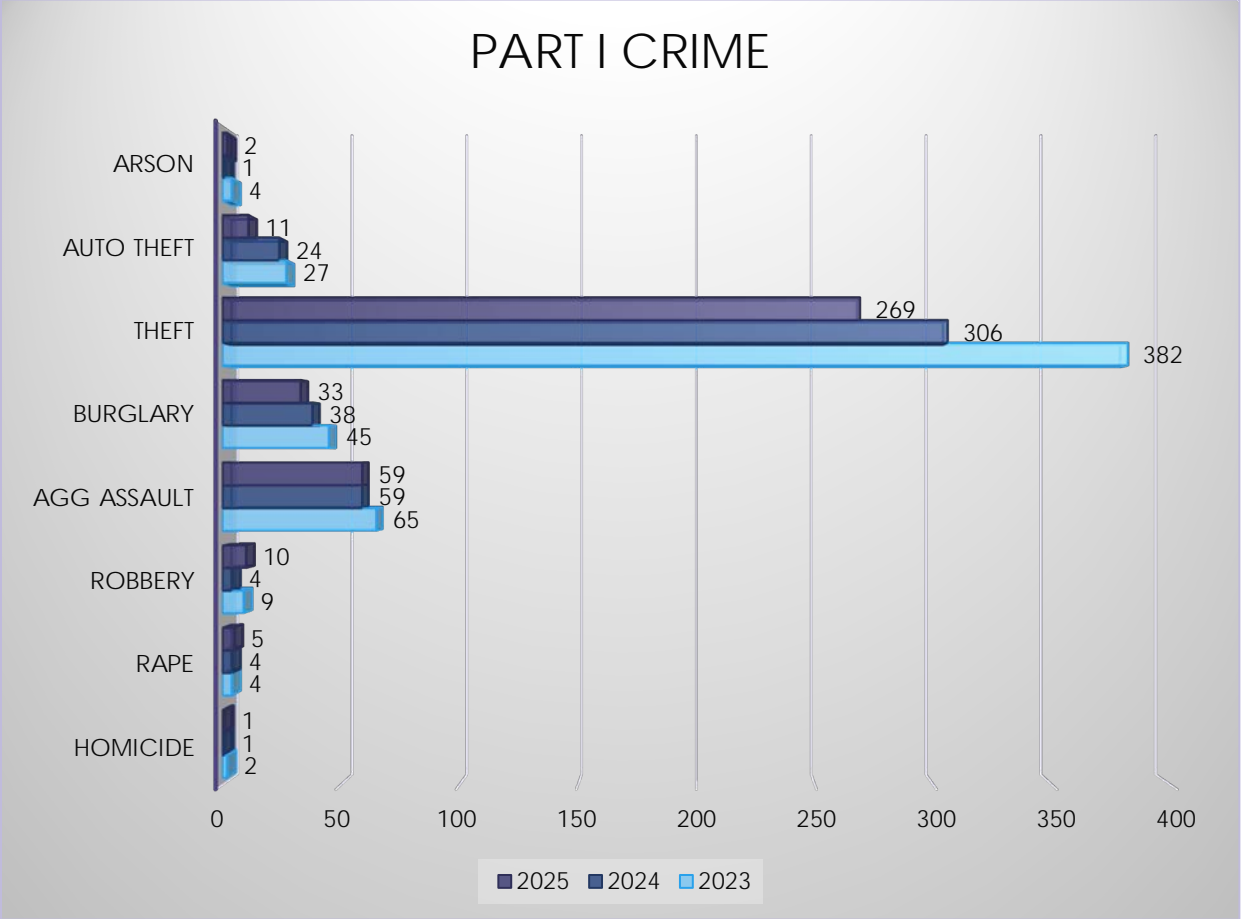

CALLS FOR SERVICE

UNIFORM CRIME REPORTING

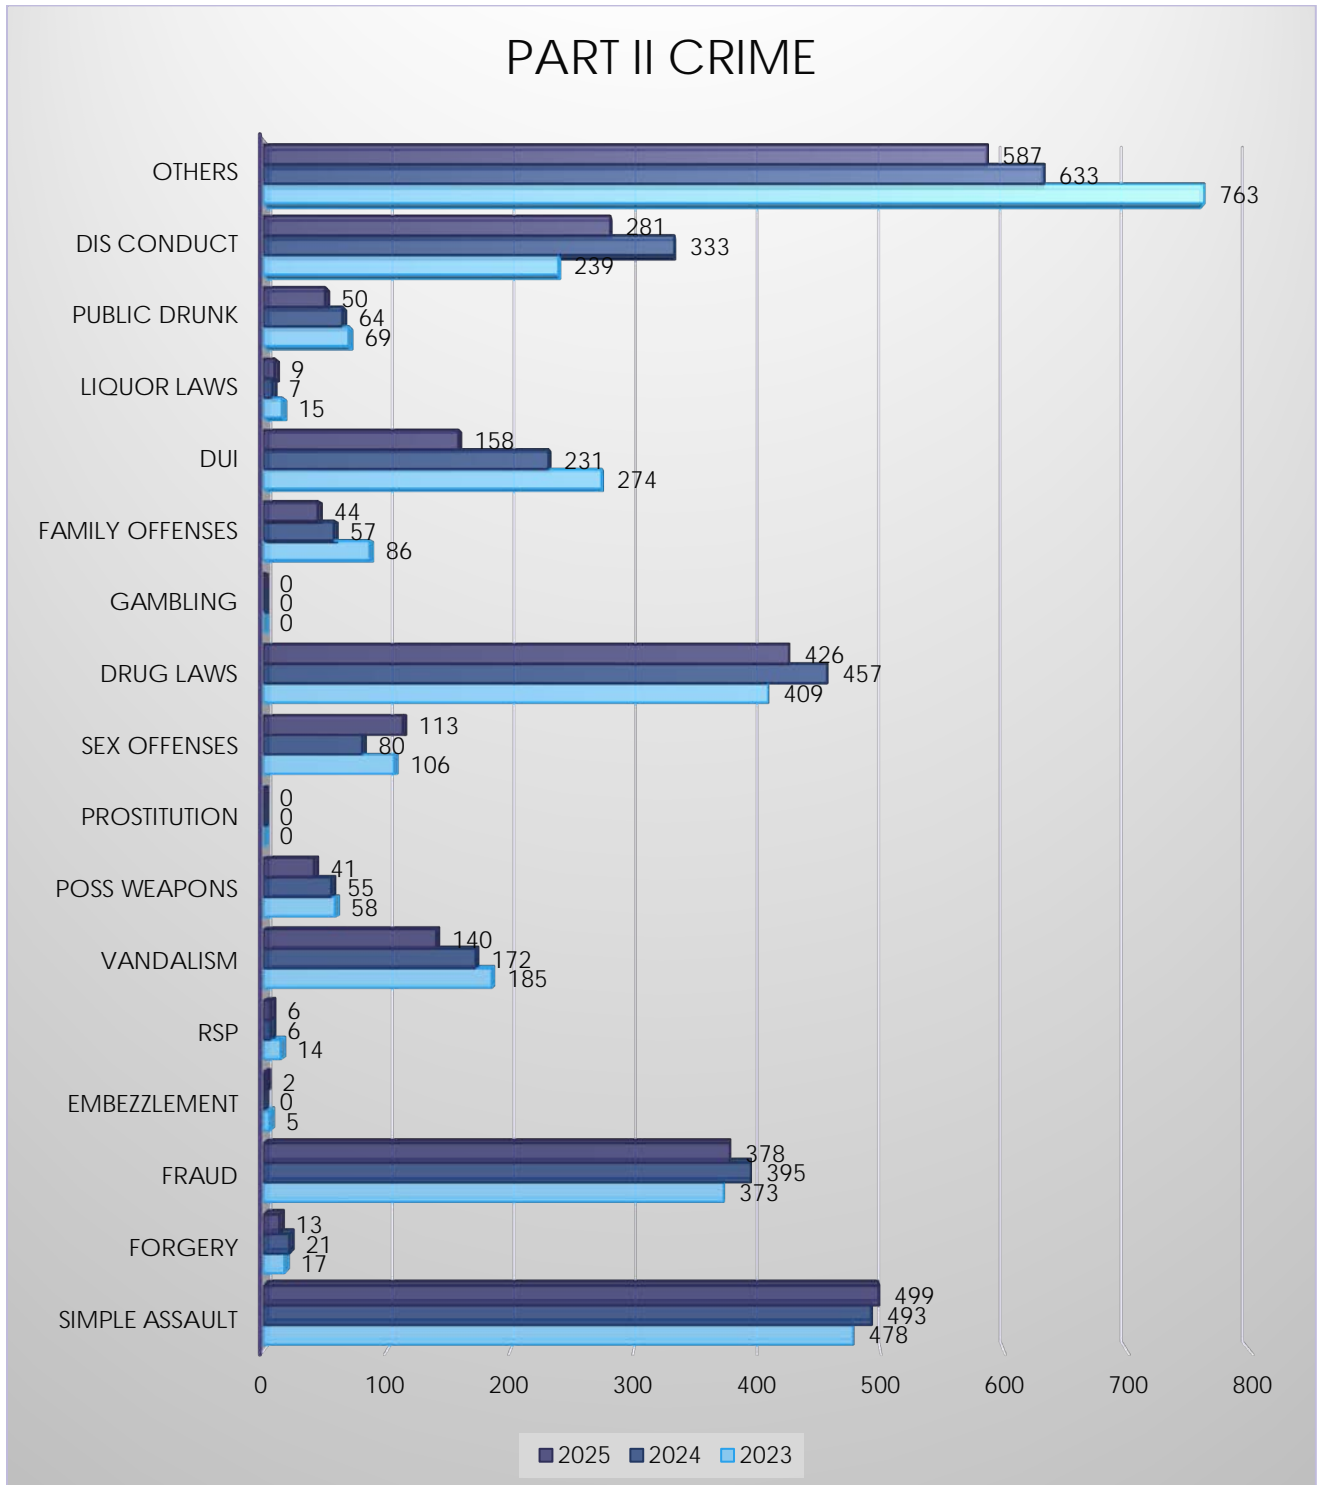

SERIOUS CRIME

Part I Offenses under the FBI Uniform Crime Report System are the *most serious crimes*. Serious crime was down 10.76%, a decrease of 47 incidents in our jurisdiction. Part I Crimes include: Homicide, Manslaughter, Rape, Robbery, Aggravated Assault, Burglary, Theft, Auto Theft and Arson.

LESS SERIOUS CRIME

The 2,747 reported crimes classified as Part II Offenses under the FBI Uniform Crime Report System are *less serious crimes*. Part II Crimes decreased 8.86%, a decrease of 257 incidents. A three-year review of these crimes appears on the chart below.

CRIMINAL INVESTIGATIONS DIVISION

The primary responsibility for follow-up investigations of serious crime is vested in the Criminal Investigation Division. This section is staffed by the Special Operations Lieutenant and Detective Sergeant who supervise five full-time investigators, and an officer assigned to the Drug Task Force.

The Special Operations Lieutenant is responsible for the review of all criminal reports, supervision at all major crime scenes, staff review of all major criminal cases, liaison with other agencies regarding effective information exchange and coordination of investigative efforts. The Special Operations Lieutenant also serves as the Commander of the Officer David Tome Substation.

Other duties of the Criminal Investigation Section include:

- o Assist the Patrol Division with fatal accident and death investigations
- o Participating in crime prevention and reduction programs, which includes working specialized details in areas where criminal activities are prevalent
- o Surveillance and specialized electronic applications
- o Perform Voice Stress Analysis examinations
- o Investigation and reporting of complex and time-intensive investigations, which require follow-up function and dedication of time-based assets
- o Liaison and analysis of information between Federal, State, and other local lawenforcement agencies

In 2025, 675 incidents were investigated by the Criminal Investigations Divisions (CID) as compared to 846 in 2024. The Criminal Investigation Division closed 672 or 99.5% of the 675 incidents investigated.

Computer Forensics

- 291 pieces of equipment analyzed
- 111 cellphones
- 9 pieces analyzed for outside police agencies

Crimes Against Children

- 97 CAC interviews
- Increase of 17 interviews from 2024

Drug Investigations

- 75 felony arrests
- 6 misdemeanor arrests
- 344 reports
- 581 supplemental reports

PROACTIVE CRIMINAL ENFORCEMENT UNIT

In cooperation with Manchester Township, the Northern York County Regional Police Department (NYCRPD) launched the Proactive Criminal Enforcement (PACE) Unit to combat crime and address quality-of-life issues within the US Route 30 and North George Street Corridor and Hotel Districts. This initiative was developed in response to a sharp increase in shootings, assaults, weapons offenses, drug abuse, overdoses, prostitution, and related crimes in the area in the last few years.

The PACE Unit was established as a specialized policing initiative to proactively address criminal activity through intelligence-driven strategies and targeted enforcement. The unit is currently comprised of two uniformed officers who focus on the following key areas:

- Drug interdiction and enforcement
- Weapons violations
- Warrant service and fugitive apprehension
- High-crime area saturation patrols
- Human trafficking investigations

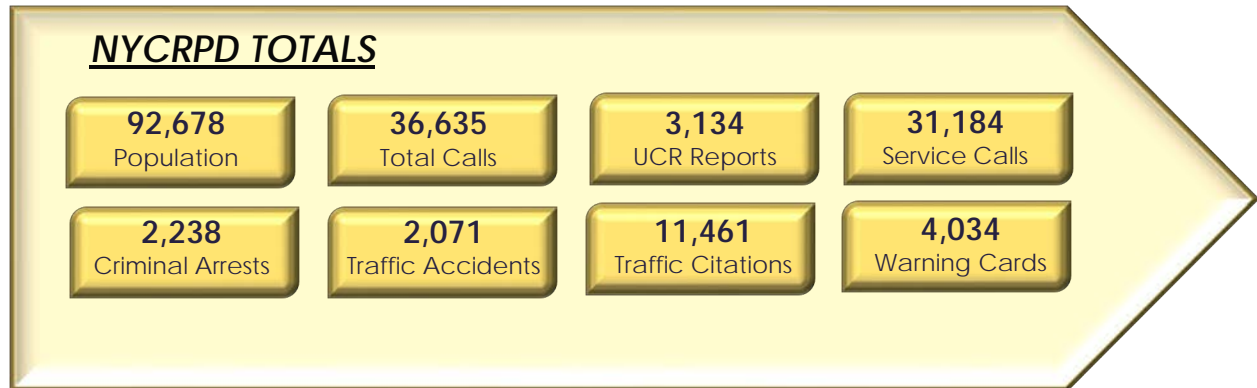

The PACE Unit became fully functional on May 1, 2024, and has since demonstrated significant effectiveness in addressing crime within the designated areas. The impact of the unit's efforts around the Hotel District during 2025 includes:

- 51 Felony arrests
- 298 Misdemeanor arrests
- 906 Traffic citations issued

The implementation of the PACE Unit has yielded tangible results in reducing crime and improving public safety within the high-crime areas of Manchester Township. The unit's proactive enforcement strategies have led to numerous arrests and citations, disrupting criminal networks and addressing community concerns. Moving forward, the NYCRPD remains committed to evaluating and enhancing the PACE Unit's effectiveness to ensure sustained crime reduction and improved quality of life for residents and visitors.

SCHOOL RESOURCE OFFICERS

The Northern York County Regional Police Department began our School Resource Officer (SRO) program in 2008. Currently, we provide two SRO's to the Spring Grove Area School District, two SRO's to the Dover Area School District and one SRO to the Lincoln Intermediate Unit #12. Our program has been well received in all of our districts because it generates a positive student/officer relationship. The SRO's also coordinate all security issues for school-related events.

Our School Resource Officers not only provide safety and security to our districts, but SRO's also provide instructional activities in classroom settings. Instructional activities include programs such as Defensive Driving, Alive@25, Simulated Impaired Driving Experience (SIDNE), and criminal justice related topics. The School Resource Officer proves to be a strong tool for police officer recruitment opportunities. Seven of our current officers graduated from school districts that partnered with our Department for School Resource Officers.

ACCREDITATION

On May 12, 2025, the Northern York County Regional Police Department was granted re-accredited status by the Pennsylvania Law Enforcement Accreditation Commission (PLEAC). The Department received their certificate at the annual PA Chiefs of Police Conference.

Accreditation is a progressive and time-proven way of helping institutions evaluate and improve their overall performance. The cornerstone of this strategy lies in the promulgation of standards containing a clear statement of professional objectives. Participating administrators then conduct a thorough analysis to determine how existing operations can be adapted to meet these objectives. When the procedures are in place, a team of independent professionals is assigned to verify that all applicable standards have been successfully implemented. The process culminates with a decision by an authoritative body that the institution is worthy of accreditation.

Currently, there are 203 police agencies accredited through the program. The NYCRPD will be due for reaccreditation in 2028.

COMMUNITY POLICING

The "Community Policing Unit" presented a total of 70 civic programs in 2025, reaching over 10,000 people. These programs ranged from personal safety issues to drug awareness to trunk-or-treat events. There were 25 child seat checks completed by our certified car seat technicians.

In late 2012, the Department began participating in the Drug Enforcement Administration's (DEA) National Drug Take-Back Program. The Northern York County Regional Police Department partnered with the York County Solid Waste Authority to have drug disposal boxes in our vestibule. The drug box is accessible to the public during regular business hours. During 2025, we collected over 300 pounds of prescription medication for destruction.

The Unit was also involved with community concerns and activities with everything from problems from traffic flow and speeding motorists to the coordination of benefit runs, parades and block watch events. "Officer Dorothy" was utilized in 3 programs at pre-schools, daycares, and other community events.

The Northern York County Regional Police Department held its 13th National Night Out Event on Tuesday, August 5, 2025 at the Union Fire and Hose Company in Dover Borough and we held our 6th Officer David Tome event on Thursday, October 16, 2025 at the Little Creek Park in Jackson Township. Between the two events we were able to host a community cookout to over 3,300 residents, helping to forge partnerships between law enforcement and members of our community!

EXPLORERS POST #1445

In 2019, the Northern York County Regional Police Department established the only active Explorer Post in York County. The Explorers program is designed for adolescents who are between the ages of 14 and 20 years of age. The program gives the Explorers basic instruction in various phases of law enforcement. Post members meet biweekly at the NYCRPD Range Building, and they continue to learn police policy and procedures through hands on application of the subject matter. In June 2025, Explorers Post #1445 held their weeklong Explorers Academy. Post 1445 finished their week with hands-on training with the York County Negotiations Response Team in an abandoned complex in York County. Several scenarios were conducted where the Explorers were given the opportunity to watch NRT negotiators practice and were able to take over various roles themselves within the NRT scenarios. The Post maintained a roster of 13 members during 2025.

Members also voluntarily attended and participated in ceremonies for the fallen NYCRPD Detectives in the fall of 2025.

Members completed the requirements for the following awards: Law Enforcement and Fire/Emergency Services Training, Community Service, Emergency Preparedness, Tenure, and Perfect Attendance.

The 2025 Explorer of the Year was Austin Delp.

PROJECT LIFESAVER

Project Lifesaver provides law enforcement with a program designed to protect, and when necessary, quickly locate individuals with cognitive disorders who are prone to the life-threatening behavior of wandering. The necessity of this program was determined through the correlation between cognitive conditions and the act of wandering. The program has grown from a localized program to a program recognized internationally as a proven and effective method of “bringing loved one’s home”.

The method relies on proven radio technology and specially trained search and rescue teams. Citizens enrolled in Project Lifesaver wear a small transmitter on the wrist or ankle that emits an individualized frequency signal. If an enrolled client goes missing, the caregiver notifies their local Project Lifesaver agency, and a trained emergency team responds to the wanderer’s area. The first responders will then use the client’s individualized frequency to locate the position of the individual. In 2025, we provided Project Lifesaver services to 19 clients in our jurisdiction, bringing the total number of clients served since the program’s inception to 45.

The Northern York County Regional Police Department has eight officers trained in the operation of the Project Lifesaver Program. Four of these officers are School Resource Officers.

If you are a Parent, Guardian or Caregiver of an individual that is at risk of wandering away and you feel they should be enrolled in the Project Lifesaver Program, please contact our Department.

TRAINING REPORT

The Department continues in its efforts to provide as much training as possible. Our philosophy is mandated training is a minimum standard, not a maximum. The Department provides its members, both sworn and non-sworn, the opportunity to receive as much training as scheduling and budget permits. Therefore, we were able to offer 6,016 hours of training during 2025.

Notable training accomplishments for 2025:

- Sgts Eiker and Potteiger graduated from Northwestern University School of Police Staff and Command
- Patrol Division completed the National De-Escalation Training Center’s Basic De-Escalation Course
- Cpl. Lebo and Detective Bailey completed the two-week Basic Forensic Computer Exam Course.

FLEET REPORT

During 2025, the Department deployed thirty-nine (39) vehicles and twelve trailers during its operations. The vehicles and trailers are categorized into three distinct functional areas: patrol vehicles, administrative vehicles, and special-service vehicles and trailers. In 2025, during the delivery of police services, the fleet traveled a total of 803,608 miles and consumed 59,069 gallons of fuel. The average fuel economy was 13.60 mpg.

803,608
miles

59,069 gall
ons of fuel

13.60
mpg fuel
economy

During 2025, the Department experienced a total of four (4) accidents in which the officer was culpable. The monetary loss due to these accidents was \$2,998.64. This represents a 1,663% decrease in monetary loss due to culpable accidents compared to 2024. Though four at-fault accidents are by no means acceptable, our overall safety record was outstanding given our officers traveled 803,608 miles. Considering the officer's drive in every conceivable type of weather, often in an emergency response mode, the number of accidents remains extremely low.

SOCIAL MEDIA

<https://nycrpd.org>

In early 2010, we recognized the need to improve our Department website. Our goal was to create a user-friendly site that could be used by the community, media, law enforcement, and others to provide accurate and timely information.

The website provides easily accessible ways to contact the Department. Visitors can provide information to specific units such as traffic, criminal, and community policing. Department forms commonly requested by the public are printable from the website.

In January 2016, we introduced the “Daily Police Activity Log” to better inform the community on the types of calls we handle daily. In 2025, we published the “Daily Police Activity Logs” for every day of the year.

In 2025, www.nycrpd.org averaged over 1,639 visitors a day, having over 598,349 visitors for the year. There were 471 posts made to the website in 2025. Since the new website was launched on April 23, 2010, over 5,105,416 million visitors have used our site.

@nycrpd

In May 2013, we began a Twitter/X account to give us a presence in social media. The X account @nycrpd is used to send out timely information on active incidents, road closures and road conditions. This form of social media has allowed us to send messages out to a broader range of our constituents. During 2025, 393 posts were sent out to our 3,582 followers.

FACEBOOK

In July 2014, we launched a Facebook Page to broaden our social media exposure. During 2025, we made 504 posts and now have 27,079 “followers.”

In November 2023, we created a Savvy Citizen account that is used for making more community focused notifications. In 2025, we posted 1141 notifications to our 5,121 followers.
